Who Are We?

If you are a general contractor with high ethical and work standards who is looking to develop a long-term relationship with a well-established real estate development firm that will provide you with a steady stream of work and pay you a fair price for the work you do—when you complete it, not weeks or months later—then we are looking forward to meeting you soon.

Come Around Real Estate Solutions (RES), LLC is a professional, full-service real estate solutions firm that buys and sells properties throughout Northern Virginia and Metropolitan DC. We specialize in buying distressed homes at a significant discount and renovating and reselling them. Founded in 2019, Come Around RES is excited to be part of the area's renaissance and we aspire to continue contributing to the economic rejuvenation of Arlington and Alexandria neighborhoods. Come Around RES is passionately pursuing our goal to help people in our community find an answer to their real estate needs.

COMPANY LEADERSHIP AND TEAM

Born a Texan, Jennifer Lednicky grew up in four states, until an appointment to the Naval Academy brought her to the East Coast. Jennifer honed her 27+ year professional career in the United States Navy and working at large management consulting firms supporting the Federal government. She started her real estate business in 2019, starting out as a side job. Though new to the business, she is highly educated in real estate and project management, and will help you with the ethical business principles that her parents and the US military instilled in her.

At Come Around Real Estate Solutions, our team is highly motivated, knowledgeable, ethical and resourceful. Qualified to handle any real estate transaction, our dedicated team is committed to helping people with their real estate needs and making successful deals happen. We have the expertise to navigate any transaction and the integrity to follow up on our promises.

Mission Statement

When a passion for real estate is combined with talented individuals who have an uncompromising drive to succeed, amazing things will happen. At Come Around Real Estate Solutions, it's our goal to not only have a positive effect on our families, and ourselves but also to inspire, motivate and create lasting change in everyone we encounter. We will treat our clients and team members with respect at all times. Our company will dedicate itself to everlasting education and professional growth that will make the leaders of tomorrow.

Short & Long Term Renovation Goals

Our company is in this business for the long haul. We place a high priority on developing long-term relationships with our customers and our contractors so that we all achieve our goals.

SHORT TERM GOALS

Our goal for 2019 is start-up oriented. We are hungry to grow a business presence in the area. Our current annual projection is to renovate three to six homes and acquire a new rental property. Rehab budgets on our projects range anywhere from \$5,000 on a rental property to \$250,000 on a full rehab. Typical project timeframes generally run from 3-6 months. Our goal is to turn around our projects at a rapid pace so we can get paid as quickly as possible and use those profits to immediately start on the next rehab. This ensures that we and our contractor teams have a steady supply of work.

Our 5-10 Year Vision

- Continue to grow our annual residential redevelopment program.
- Pursue commercial projects such as apartment building acquisitions and land development. With our management skills and background in the development industry, our natural progression will expand us into the community-development arena.
- Purchase small tracts of land and develop residential communities throughout the greater Washington DC area. To accomplish this long-term goal, it will be imperative that we develop strong relationships with contractors who have a like-minded goal of expansion.

LONG TERM GOALS

Our long term goal is to grow our operations into additional target markets across the country in the coming years. A key target is my home state of Texas.

What this means for you is we will create a growing stream of rehab projects for our contractors to work on long into the future, providing our affiliated contractors with a reliable source of projects for many years to come.

INVESTMENT & REDEVELOPMENT STRATEGY

Our business strategy is to purchase undervalued 1-8 unit residential properties, renovate them to a highly desirable condition, and sell these properties directly to single-family homebuyers or investors as quickly as possible after completion.

Short & Long Term Renovation Goals

To generate value, we focus on aggressive project management coupled with the use of highly skilled and professional independent contractors to complete our renovations. In addition, we employ proactive marketing tactics to pre-sell our properties during the rehab stage instead of waiting until the project is complete. This gives us a head start that often enables us to sell our properties before the paint has even dried on them. Successful execution of these strategies rely on the high quality of work performed by our contractors, which is why we put such a high premium on finding the best contractors in the area and then developing long-term, mutually beneficial winwin relationships.

Why Our Model Works

- Speed and efficiency in the rehab process
- Quality of workmanship
- Community appreciation
- Mutual respect for everyone's time involved
- Integrity of product delivered to the marketplace

COMMUNITY VISION

We actively strive to increase homeownership opportunities within the communities we redevelop, and improve the quality of life for the people who live in them by providing quality homes for a reasonable price.

Why Contractors Love Working With Us

We work hard to create positive and productive mutually beneficial relationships with our affiliated businesses and contracting teams. We strive to assist in the business development of our contracting teams with a goal of mutual growth and continued, long-term success. The use of our proven construction rehab system results in a more predictable and efficient process which consistently creates a superior product and increased profit for our contractors.

Here are just a few of the benefits of working with Come Around (RES):

WE LOVE TO PAY OUR CONTRACTORS

Let's get this straight right up front: Unlike some companies you may have worked with in the past, we *love* to pay our contractors. Really. We know you've got a business to run and bills to pay—so do we. We understand that when you complete a payment milestone that you want to get your payment as soon as possible. And we know that it's in our interest to have a committed, happy contractor as a partner. So we *will* pay you—and pay you promptly—as the work is completed in the stages laid out at the onset of the project.

A STEADY STREAM OF WORK

Our business strategy is to purchase distressed residential properties, and then renovate and sell them to retail homebuyers and landlords. We have a dedicated acquisition team constantly scanning the market for properties that meet our investment profile. Our acquisitions specialists only get paid when we purchase a home, so they are highly motivated to find properties giving us a steady supply of projects for you and your team. We also work with a national group of investors who provide us with the funding we need to finance our aggressive approach to buying, rehabbing, and selling properties in short timeframes. This resource of funds allows us to buy properties quickly and consistently.

Why Contractors Love Working With Us

WE'LL HELP YOU CREATE NEW BUSINESS

We pride ourselves on having a strong foundation of real estate knowledge and training. Our core business lies within our systems, education, and knowledge of the real estate industry. We didn't just become a real estate investor overnight. We have spent thousands of dollars on education and systems that allow us to be successful in this business and do it the right way the first time. We actively share our knowledge with our contractors, providing them with the information they need to help develop their own businesses and create long-term success—for themselves and for their workers. Renovating several homes a month generates tons of old and new clients asking for renovation advice, and more important, a "Good Contractor." We believe wholeheartedly in recommending the people who help support our growth and would gladly recommend you and your team.

WE'LL MAKE YOUR LIFE EASIER

We have a <u>proven system</u> in place with a pre-determined Scope Of Work containing all the details of the renovations in one spot, making life much easier for our contractors. We select all the materials that will go into our homes, and we clearly lay out everything that we want done by our contractors, so that they can focus on doing the work they do best—contracting. Working within our system will allow you to move from job to job to job, and not have to worry about where your next job is coming from. We always hear from our contractors that one of the best things about working with Come Around Real Estate Solutions is how every component in the Scope of Work is line-itemed, and materials often even have the associated SKU# and where to purchase it included. We know time is money for both of us, so we do the extra work on the front end to make sure our budgets and timeframes are very accurate.

Typical Before and After

A real estate renovation company earns its reputation based on the past projects completed. Every project plays an important part in setting and maintaining the high standards we want associated with our properties. We set high standards for our contractors, enabling us to consistently deliver the best housing products possible to our customers at a fair price. In the pages that follow, you will see a few of our past projects to get a better understanding of our quality expectations. Our goal is to create a product we can replicate over and over again.

BEFORE

AFTER

Type of Contractor We're Looking For

An ideal contracting partnership consists of four main components: a consistent work ethic, superior workmanship, maintained job sites, and a passion to achieve a high-quality finished product.

THE IDEAL FIT FOR US

We're looking for professional contractors who have high standards, with a team of reliable subcontractors who do quality work, and who have been in business for some time—with the track record and references to prove it. Here are some things we're looking for in our contractors:

- Fully licensed with licenses up to date. Same with their subcontractors.
- Insured—including worker's comp, liability—with a minimum limit of \$1 million.
- Been in business in the area for at least three years.
- Has a consistent crew of subcontractors.
- Keeps worksite clean and maintained.
- Can provide a **list of references**, with current contact information.
- Belongs to the Better Business Bureau or one of the national associations of builders or carpenters.
- **Provides written warrantees** of a year or more for their work.
- Is structured as a corporation or LLC.
- A reputable company with no history of lawsuits.
- Has financial resources—able to float material cost until work is complete and ready for draw.

WE WORK ON VOLUME

Our strong financial backing allows us to aggressively pursue multiple homes every month through our acquisitions department. The fact that we work on this volume will keep you and your subcontractors busy throughout the year and ensure that you get paid quickly and consistently. There's nothing worse than losing good subcontractors because you can't keep them busy. When you find a quality employee, just like us you don't want to lose them. Our steady-volume approach will save you from headaches and hours wrapped up in finding and having to train someone new.

Type of Contractor We're Looking For

THE GLASS IS HALF-FULL

We want contractors who have a positive, can-do attitude—sour grapes need not apply! We expect our contractors to be looking at the big picture and to understand the value of the long-term relationship and stability that we offer. As you know, unexpected circumstances happen on a job site. It's imperative that you, your team, and CT Homes are all able to see beyond these bumps in the road, be resourceful, and come up with a timely and amicable solution for everyone involved. Focus on what *can* be done, not on what *can't*!

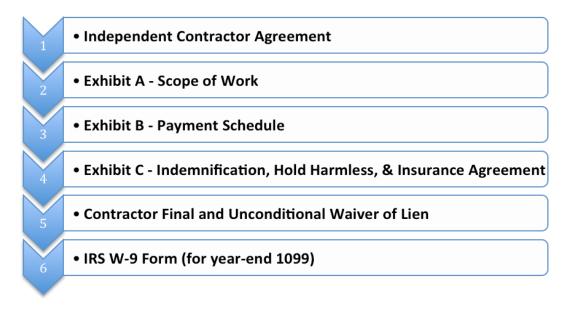

WE ALWAYS PULL PERMITS!

To ensure that our projects are done right and that buyers feel comfortable that the work was done correctly, we *always* pull permits. Permits protect both the contractor and us as the owner. If a contractor has a problem with that, then we won't be working together.

We are experienced, ethical real estate professionals, with a very high level of organization as a result of the proven system that we follow for our projects. Our approach makes our contractors' lives easier because everything is clearly laid out, ensuring everyone is on the same page from the very beginning. You can focus on what you're great at—contracting—and we can focus on finding more homes to renovate.

There are six critical documents that we require for all of our projects. To work with us, you will need to complete them.

Under penalties of perjury, I certify that:

- 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
- 2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
- 3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- 1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued), $\,$
- 2. Certify that you are not subject to backup withholding, or
- 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Taking the Next Steps

If you're bidding on a renovation project, it is very important that we get a response back from you as soon as possible. We take our time parameters very seriously, and it's imperative we start out on the right path respecting everyone's time. We don't always take the "lowest" bid—our expectation is to find the *best* contractor, the one that delivers a winning combination of **price**, **quality**, **and service**. All three of these components are of equal importance to the success of our partnership.

We look forward to hearing from you soon.
